

DOORS AND CLOSURES IN CAR BODY ENGINEERING 2020

17 – 18 NOVEMBER 2020, BAD NAUHEIM, GERMANY

**CALL FOR
SPEAKERS**

The customer's "first contact" to his vehicle is usually made via the doors. His senses are attacked by a plethora of sensory inputs. In only a few seconds time these emotions decide if the customer feels a connection to the car or not. Automotive engineers from all over the world are thus working hard to provide the customer with as positive a first impression as possible.

At the same time design demands have to be fulfilled, the doors and closures must be lightweight and easy to construct, they have to be outfitted with safety features and numerous technical devices.

The annual international Automotive Circle conference **Doors and Closures in Car Body Engineering** therefore deals with the current and future challenges of lightweight design, integration of new functionalities, efficient as well as flexible and cost-effective manufacturing processes, crash safety, modern design and high component quality.

You have the chance to present your innovations, results and concepts concerning the following topics around doors and closures to an interested audience consisting of many OEM and OES representatives.

THIS YEAR'S MAIN TOPICS:

- ▶ Mixed materials doors
- ▶ Wind noise solutions and sound dampening
- ▶ Smart/AI doors
- ▶ Pedestrian protection concepts
- ▶ Digitilization of outside rear view mirrors

INTERNATIONAL OEM ADVISORY BOARD

Reinhard Peis, **BMW** Group, DE; Thorsten Lüdtkke, **byton** GmbH, DE; Eraldo Pignata, **Fiat Chrysler** Automobiles FCA (EMEA), IT; Tyler Morgan, **FCA** US LLC, US; Svenja Hackenbroch, **Ford**-Werke GmbH, DE; Ken Reo, **Ford** Motor Company, US; Russell Peyerk, **General Motors** Company, US; Takashi Ogawa, **Honda** R & D Co., Ltd., JP; Kevin Welch, **Jaguar Land Rover** Ltd., UK; Yutaka Kubota, **Nissan** Motors Co., Ltd., JP; Martin Schumilas, **Opel** Automobile GmbH, DE; Tao Li, **PATAC** Co., Ltd., CN; Christian Roy, **PSA** Automobiles SA, FR; Thierry Ginestet, **Renault** S.A.S., FR; Dr. Christian Schübeler, **Volkswagen** AG, DE; Paul Jonason, **Volvo** Car Corp., SE

DEADLINE FOR SUBMISSIONS: 4 MAY 2020

Interested speakers are kindly requested to submit an abstract of their suggested contribution via our [online form](#). Based on your input, the OEM Advisory Board of the conference will evaluate your suggestion.

Further dates

Notification of acceptance
Publication of the conference programme
Submission of the presentation files

June 2020
July 2020
2 October 2020
